# What we do and our impact

We are a charity that helps launch young people for life today whatever they want to do after school and helps seafarers to keep learning all their lives.

Our vision is to be the leading maritime charity for youth development and lifelong learning.

Specifically for Sea Cadets the charity works across the country to give youngsters some balance in their life. With 160 years experience, we're helping teenagers from all backgrounds, every week via a network of 9,000 volunteers through 400 units, some in the hardest hit regions of Britain, to launch well for life. Our close links with the Royal Navy, their traditions and ethos inform much of the nautical activity.

The charity helps them cope better, enjoy what life brings and encourage new ways of thinking and acting. Through a range of different adventures on land and on the water the charity offers a chance to learn from one another, build skills, resilience and self-belief through adventure, discipline and developing a sense of family and purpose often lacking in their home lives.

The Marine Society has a long history of supporting the maritime sector and is one of the country's oldest charities – established in 1756. It supports all seafarers through distance learning programmes, making study available via distance learning which can enhance their careers and personal development. It offers a range of

scholarships to support that self-improvement. The charity also provides libraries to ships and installations, supporting crew well being and professional development through a variety of titles.
